

to before leaving.
Mother is a good
deal better; she
has been sleeping
much more
regularly for the
past ten days. I

have it reported
yet but on my
return I hope to
be able to.

We have been
having some
beautiful days.

Dear Mr. Sewall,

This is rather
early to be sending
you and New Year's
greetings, but I am
not going to be here
after next week &
I have consequently
many things to do.

(for about here) snow,
for some time, but
today a warm
rain falling by
the bucket is melt-
ing all the past
beauty & joy of
coasting & skiing.

The birds are greatly
eating the seeds, bread,
& natural bits of meat
from my porch.
So your favorite
servants, must.

and come down one avial
the very best of Christmas
and New Year's merriment
you and all your family.

Very Sincerely Yours,

Leam F. Clowers,

my efforts in photos & writing letters have
been failures no fails. "Better late than
never."
